Sir:

This is in response to an Interview Summary mailed for an interview held on July 10, 2008. **R-E-M-A-R-K-S**

The Applicant has contacted the Examiner and has pointed out some defects in the final rejection mailed May 12, 2008.

More precisely, the Applicant has pointed out that the final rejection stated at point 3 that *"Claims 14-10 are rejected under 35 USC 103(a) as being unpatentable over Garcia as applied to claims 1-2 above, and further in view of Ahmed et al. (EP 1137224)"*.

Furthermore, the Applicant has pointed out that the final rejection stated at point 4 that *"Claims 1, 16 and 21 [were rejected] as being anticipated in view of Garcia-Luna-Aceves et al. (US 6,683,865)"* and that at the same time *"Garcia does not specifically disclose detecting a neighboring node, collecting data identifying the detected node, and transmitting the data"*.

The Examiner has agreed to cancel the final rejection and to issue a new final rejection.

Respectfully submitted,

GEOFFRION, Jean
